Manford has been retained twice. Even thou he is a weak student, I believe he should be passed on to the fourth grade. His parents say they will have him study & help him this summer.

Steven started in the beginning of first grade work when he came here in January. He is doing average work in the first part of Our New Friends. But he hasn't finished it. His mother says she will teach him this summer. If she does I believe he can do second grade work.
